

BR 30/4 C

The BR 30/4 C scrubber dryer is light and compact – weighing only 11.5 kg, this highly innovative and powerful vacuum is ideal for cleaning hard surfaces from 20 to 200 m² as the perfect alternative to manual cleaning.

1 High-speed roller brush

- Ten times higher contact pressure than manual cleaning.
- The roller brush also cleans structured surfaces and crevices.

2 Immediately dry

- The soft suction lips remove moisture – backwards and forwards.
- The floor is immediately dry.

3 Vacuum off facility

- The suction can be deactivated using the foot pedal.
- For a thorough cleaning, the cleaning fleet can be spread out first, and then suctioned off separately.

4 Tanks are removable

- The handy fresh water tank can be removed separately and can also be filled in small sinks.
- The wastewater tank can be removed separately and can be emptied into the sink, for example.

BR 30/4 C, 1.783-220.0, 2017-02-21
